## REGULATIONS

This event will be run according to ABA/CC/UCI regulations. Racers are expected to know and understand these. They are available [here](#).

## WEATHER CONSIDERATIONS

Cyclocross in Alberta is live and well. We have built strong relationships with the communities we race in, but those relationships are built through years of respecting the community and the park. The City of Calgary does not permit racing if the turf is wet and susceptible to damage and given our love for the sport we want to stay on good terms to help keep cyclocross going throughout the city. Due to the unpredictability of Alberta weather, a go/no go for the event could be a race day decision. As such, we could be **forced to cancel the event if there is rain and a likelihood of turf damage**. We want to run it as much as you want to race it.

## ETIQUETTE

*Last Updated: September 18, 2018*

*This event is sanctioned by the  
Alberta Bicycle Association*

We are guests of the community around Shaganappi Park, and in order to keep the relationship in good standing, please behave the same (or better) as you would in your community. The best rules to go by is “leave it better than you found it.” We might not be welcome otherwise. Please:

- **Do not litter**, toss, discard wrappers or otherwise add to the destruction of the park. Please pick up any trash you might find as a courtesy.
- **Do not urinate (or other) in the trees in the bottom.** There are lots of people around, and there are more than enough porta potties/washrooms.
- **Please park in front of the school** (see below). It’s a little further away, but we appreciate you leaving the parking in front of the houses for the neighbourhood residents.
- **This is an active community park.** Please be respectful and smile at the neighbours as they are being kind enough to share their community park with us.
