### Types of Membership

ABA has different level of membership for individuals.

1. CC/UCI License – this license is for members who want to race outside of Alberta, gain AB Cup points, BMX District points and/or compete in any other category other than the lowest category offered (sport, novice, cat 5) Non- BMX clubs will be invoiced for insurance at a rate of \$35 for each member that has a CC/UCI license
2. Citizen License- this license is for road, XC and Cyclo-cross racers and is valid for racing only within Alberta. Licensees may only race in entry-level categories. Some higher-level races may not allow registration by holders of citizen licenses. The ABA will approve eligibility for citizen licenses on a case by case basis. Non-BMX clubs will be invoiced for insurance at a rate of \$35 for each member that has a Citizen license.
3. General Membership- this is a membership for individuals who belong to an ABA- affiliated club. Members can take part in their own\* club's events. Members can either register through the ABA directly or register with their club, who will be responsible for forwarding their information to the ABA and invoiced at a later date.

**\* Members can register with more than one club but only their primary club will be invoiced for insurance.**

### Payment of Membership Fees

- a. Prompt payment, as per the terms of the invoice, of the membership fees is mandatory. Failure to pay promptly will result in cancellation of your coverage and your club will be ineligible for affiliation the following year. Clubs and members must re-affiliate every year.
- b. All clubs will be invoiced an insurance fee of \$35 per license for Citizen and UCI licenses.**
- c. Club members will be invoiced at \$41 +GST per person or \$31 +GST per person under the age of 17 for any General Member who has not registered directly with the ABA online. Clubs can choose to pay

ongoing through the year when submitting membership lists or will be invoiced at the end of the year.  
**(Excludes BMX clubs)**

d. Clubs will not be allowed to affiliate for current year until all outstanding fees from the previous year are paid in full.

### **Waivers**

a. All club members must complete the ABA approved membership waiver. This can be done online if one's club is utilizing the ABA approved online registration system. If the club does not utilize online registration, a paper waiver must be printed, signed, and collected by the club. Minors (under 18 years of age) must have a guardian complete their waiver.

b. Do not alter the waiver in any way, specifically the language or spacing.

c. All waivers must be submitted to the ABA office in a timely manner throughout the season when submitting installment payments, and prior to the following year.

d. Waivers will be stored at the ABA for a minimum of 7 years, to ensure that they can be accessed if legal action is taken against the club. Waivers are crucial in defending the club and the ABA during litigation.

e. Failure to obtain waivers from all members of the club will place the clubs insurance coverage at risk.

### **Crashes, Accidents and Incidents**

a. If an accident occurs, it must be documented and recorded. If there is personal injury or property damage the ABA must be notified immediately so we are able to notify the broker.

b. The [ABA Incident Report](#) should be the minimum level of documentation. The provision of additional documentation including witness statements, list of names involved, and photos of the scene is strongly encouraged.

c. Marsh, the CC/ABA insurance provider, will determine the level of reporting required on a case-by-case basis.

### **Guidelines for Club Activities**

#### **Participation**

A club event is designed for the benefit of members of that club. Therefore, all participants in club events must be members of the club.

#### **One Time Tryout**

A non member may participate in a club event on a onetime tryout sanction. Individuals are only allowed to try the sport once and they must sign the waiver before participating. All waivers must be kept on file and then forwarded to the ABA at the end of the season.

## Safety

Helmets must be worn at all times on club cycling activities. Clubs are expected to operate both competitive and non-competitive events with participant's safety in mind. All participants need to be informed that the ultimate responsibility for safety rests with the individuals.

## Sanctioned/Insured Event types

Club events can be either competitive or non-competitive. A non competitive club is not permitted to hold a competitive activity. Both types of events must be registered with the ABA by submission on the Club Affiliation Application or by reasonable notice prior to the event. The act of submitting event information to the ABA does not automatically qualify an event for approval. All events are subject to approval by the ABA and permission may be revoked upon review of the documents at any time or as a result of a spot check. Certain types of competitive events may require an Event Permit.

## Types of Events

Below is a description of the different club events that club can request sanctions for.

### Club Rides

Group rides for club members may be in any cycling discipline. Organizing clubs are responsible for the event management procedures. Clubs may allow a non-member to participate as long as they follow the club try-out one time try out procedures. (Marsh, our insurers, may ask for records of attendees of club rides at any time).

### Coaching Clinics

Any coaching clinics hosted by an ABA affiliated club. All coaches should be NCCP certified and must have an ABA license or UCI license. Other clubs members may attend a coaching clinic provided the ABA is informed in advance and clubs take full responsibility of verifying ABA insurance of all participants (including coaches).

### Mid-Week Racing

A club level event open only to the organizing clubs members or CC/UCI or Citizen License holders. Organizers are responsible for ensuring all participants have ABA insurance. Organizing clubs are responsible for the event management procedures, including ensuring that the size of the field and the number of riders in each group is not excessive with regard to the safety of the event. **Organizers must have a minimum of a first aid responder onsite and one Commissaire. The Commissaire will NOT be assigned by the ABA.**

### District Racing (BMX)

A club level event open only to the organizing clubs members or CC/UCI or Citizen License holders. Organizers are responsible for ensuring all participants have ABA insurance. General/Club members are not eligible for upgrade points or district points. **Organizers must have a minimum of a first aid responder onsite and one commissaire.**
