# President's message

The close of another great racing season is rapidly approaching as you switch your road bikes for cyclo-cross bikes. Unfortunately the weather has taken a turn for the worse as I write this, making September feel more like November! Hopefully things will improve and we will still have a few weeks of great weather left!

Thanks to all the race organizers, Commissaires and volunteers for putting on so many excellent races for our riders this year. Without your involvement, effort and tireless work, our calendar would not have the multitude of race opportunities that we currently offer.

The staff of the ABA has continued to work extremely hard behind the scenes with Provincial racing as well as Provincial Team projects across Canada. Thanks to Admin Assistant Tara Rogutski, BMX Coordinator Adam Bailey, Provincial Coach Jayson Gillespie, Technical Director Andy Holmwood, and Executive Director Laurie Wilson for their many long hours throughout the summer!

Shauna Richard has decided not to return to the ABA following her maternity leave and will instead be the new Executive Director with the InMotion Network. We will definitely miss her and I would like to thank her for her years of conscientious and excellent service to the Association and cycling in general! Stay tuned in the New Year for Shauna's good-bye party!

The Annual General Meeting is coming up November 4<sup>th</sup> in Calgary. There are several positions up for election including President, VP BMX, four Racing Committee positions, two BMX Committee positions, and two Member at Large positions. We are always looking for new people interested in the positions and would welcome inquiries about the openings at either office. Our voting system has changed over the past few years, and the current method of voting is that the President of each cycling club may carry the proxies of all Racing and General Members of their club. Independent members and all licensed members may come and vote their own vote as well. Following the AGM will be our awards gala, stay tuned for more information!

Thanks again for another great season!

Happy Trails,

Tim Harris President, ABA

## Popular ski coach killed while cycling

*Calgary Herald- July 21, 2006*

Calgary's sporting community is mourning the death of a respected ski coach and athlete who was hit by a car while cycling near Cochrane. Jason Lapierre, 34, was the program director at the Calgary Alpine Racing Club and an avid triathlete. Colleagues credited Lapierre's stewardship with revitalizing the club and producing a promising group of young skiers.

Off the slopes, Lapierre counted triathlon as one of his main interests. He helped organize a triathlon being held in Sylvan Lake this summer and had competed in the 2003 Canadian Ironman competition.

Lapierre was cycling on Highway 1A about five kilometres east of Cochrane when a westbound car crossed the centre line and struck him. The driver of the car was treated and released from hospital. The RCMP are still probing whether a medical event caused the crash.

COMMUNITY DEVELOPMENT

# Sprockids and Lori-Ann Muenzer Program:

by Wayne Mackenzie (Juventus)

Edmonton's Argyll Velodrome has been a hotbed of bike activity in 2006. The Velodrome itself was been the focus for track training and racing and the neighbouring Edmonton BMX-treme track was well used for BMX practice and for club and sanctioned racing. While all that was going on, Juventus CC operated two programs to bring young riders into the cycling community.

The Sprockids program is created by the Canadian Cycling Association to teach young people 9-12 years old basic riding skills and to develop a positive attitude about enjoying cycling in a fun and safe manner. Clubs or community organizations operate Sprockids in individual communities with one or more five-week sessions throughout the summer. Scope <http://www.canadian-cycling.com/sprockids/>

The Lori-Ann Muenzer Program (LAMP) is named for the 2004 Olympic Gold medal winner and provides a next step for 11-14-year olds who have graduated from Sprockids. Over 13 weeks, it builds on skills previously learned and can even introduce riders to competitive cycling. More at <http://www.juventus.ab.ca/Lamp/Lamp.htm>

To cap off the season on Sunday, September 17, 2006, Juventus ran some big events to give Sprockids and LAMP participants something to aim for as they developed their skill and strength.

1. Sprockids Cycling Rodeo: A total of 12 kids come out to show off the skills they learned over the summer. They all participated in the games set up on the equipment on the velodrome infield and were all awarded participation certificates and draw prizes.

2. LAMP Cup Race for kids of the Lori-Ann Muenzer Program.

We held all the races in the Argyll Velodrome area and ran them back-to-back with time only to change bikes and get to the venue for the race. We awarded LAMP Cup certificates and draw prizes to all participants and medals and certificates for performance in each race. At the end, we totaled up the points each rider earned and the overall points winner was awarded the LAMP Cup. Prizes came sponsors EPCOR, Crossroads C&I, Revolution Cycle, and Mountain Equipment Co-op.

Special thanks to the Tuesday Night Racers; who donated \$2140.00 to the LAMP and Sprockids Programs in 2005. This donation helped us to provide the 16 new road and 6 new track bikes that were needed for the LAMP program this year. Chad Kozak donated a Marinoni road bike to the LAMP program. The Alberta Bicycle Association gave us a Grass Roots Initiative Grant that we used to train 2 new NCCP Coaches and 7 new Sprockids Coaches in coaching and First Aid. We learn as much from the kids as they do from us.

Other supporters include Karl Wilberg, Dave Embury, Michael Jewers, Nick Jendzjowski, Alex Stieda, Joy Mekechuk, Tom McKee (RVC), Ron Ellis, Gail Wozny, Dylan Menard, Jenni Rubuliak, Yvonne Law, Martin Beaudoin, Luke Penner, Mike Barnes, Mike Kelly, Chris Rubuliak, Gregg Menard, John Stephen, Willi Fast, Heather Oswald (ERTC/redbike) and Lino Bovo, who gave their time in coaching and assisting throughout the summer.

Final thanks to the late Jim Horner, for reminding us all to just get out and ride for the enjoyment of the ride. 🚲

Calgary CrankMasters present the Masters Road Race

The sweet young things, ages 30 and older, were out in force to compete for the hardware and prizes at stake this year. The race was held for the first time on a new course located 7 km NE of Crossfield (60 km north of Calgary) on terrain that is fondly known locally as "rolling ranch lands". Weather conditions were as good as it gets at this time of year for the area with clear skies, winds blowing from the WNW at 10-30 kph and the temperature from 18-22 Deg C over the length of the race.

Only the Fort St. John Blizzard Cycling Club was able to break the dominance of the Edmonton and Calgary clubs in medal categories with two medals. The Juventus Cycling Club from Edmonton led the parade to the podium with 4 medals. - *Jim Oldham (CrankMasters)*

Based on performance at the Alberta Provincial ITT Championships at Darwell AB on Saturday July 22, the 2006 Maurice Johnson Memorial Award goes to two Juventus CC riders. The Women's winner is Nancy Burden (11:54 ahead of age standard) and Bruce Copeland (17:05 ahead) gets the Men's award. The good course and conditions made for a fast day with the majority of the Masters riders in the competition beating their age standard.

Maurice Johnson was an Alberta Masters rider who exemplified sportsmanship on and off the bike and his success in Masters cycling included many international medals. He was still riding close to the hour in the 40k ITT at age 82 when he was taken from us in a car collision while training.

To honour Maurice, the Alberta Bicycle Association gives the Maurice Johnson Memorial Award to the female and male riders who do best on Veterans' Time Trial Association (VTTA) age-adjusted time standard in the Alberta Provincial ITT Championships. For more information about the Award, please contact Jeff Davis albertaspin@shaw.ca

Juventus presents the Provincial Track Championships

The Omnium standings, or combined points from the various races at the Provincial Track Championships, were split this year into Power and Endurance categories for Elite riders. Power events included the Match Sprint, 500m/1 Km Time Trial, and Keirin, while the Endurance events included the Individual Pursuit, Scratch Race, and Points Race. The distinction between Power and Endurance, made only for the Elite riders and not Junior or Master athletes, served to recognize the large difference in physical characteristics and training between the two track disciplines. At the Elite level, it is generally recognized that an athlete must focus on one discipline or the other in order to maximize performance. In addition, Elite riders for the 2006 Alberta Provincial Track Team were selected according to the Power and Endurance distinction.

Fifty-eight riders competed in the two-day Alberta Provincial Track Championships event held at the Argyll Velodrome in Edmonton. The event was used to select riders for the Alberta Provincial Track Team, competing at the National Track Championships in Dieppe, New Brunswick.

Dominant riders at the event included power riders Felix Haspel (Synergy) and Anne Brit Ericksen (Symmetrics). Haspel and Ericksen dominated the power events, each winning their respective Match Sprint tournaments and Keirins. Other standout riders at the event included U-17 riders Michelle Beveridge (bicisport) and Kyle Harris (Juventus), in addition to junior male Spencer Smitheman of the host Juventus club. These riders won all races in their respective categories.

**Bowness HC**

Course records fell in both Men's and Women's categories at the first race of the 2006 Tour de Bowness, a 1.2 Kilometre Hill Climb at Canada Olympic Park in Calgary. The entirely uphill race featured a three-up start format and coursed up the steep, switch-backed grades of the service road at Canada Olympic Park. In the Men's category, Calgary native Philippe Abbott (Italpasta/Transport Belmire) narrowly beat the course record of 3 minutes 21 seconds set by Symmetric's Jacob Erker last year, while mountain-bike marathon and adventure race expert Marg Fedyna (ERTC/redbike) surpassed the existing Women's record by over 30 seconds. One-hundred and five racers contested the Hill Climb.- *Andy Holmwood*

*Elmo Kugelblitz thinks bikes are twice  
as good as cars:*

*"Half as many tires to flat. And in cars,  
only the pedal on the right makes it go.*

*On a bike, both pedals make it go."*

### Bowness CR

More than 120 racers converged upon the sketchy roads of the Bowness neighbourhood of Calgary for the second event of the Tour of Bowness. The Tour de Bow-ness Criterium was held on a 1000 metre circuit that featured a short uphill, some rough pavement, and a long straight finish up Bowness road. Highlights of the day included Canada Games gold-medalist Criterium rider Alison Testroete (CMC/Bow Cycle) lapping the entire Women's field and winning all three of her race's primes in the process, and Calgary native Phil Abbott's strong sprint finish to take the Category 1&2 race.

Abbott (Italpasta/Transport Belmire) was anything but a sure bet, as a two-man breakaway composed of Dan Wood (ERTC/redbike) and John Bence (bicisport) had a sizeable gap with just two laps remaining. The two were joined by Winnipeg native Murray Carter (Alter Ego/Ride with Rendall), who bridged up with an impressive solo effort. The field, however, chased hard and swallowed up the three breakaways with just a few hundred metres remaining, allowing Abbott to unleash an impressive sprint. - *Andy Holmwood*

### Who Can Vote at the Annual General Meeting?

On Saturday, September 17<sup>th</sup>, 2005 at a General Meeting of the membership of the Alberta Bicycle Association, it was agreed by a three-quarters majority to adopt the following Membership Privileges:

#### Article 3 Membership Privileges

- a) An individual member attending any Annual, General or Special Meeting may cast one vote.
- b) An individual member may assign by proxy their vote to the club listed on their license. Such votes may be cast by the attending club president.
- c) A club president may designate the assigned proxy votes to a licensed member of their club to cast the votes they have been assigned.

This new bylaw affects the membership in the following ways:

- ⊗ There is no longer a club vote.
- ⊗ Licensed members will be the only people who can carry a vote. Individual proxies will no longer be allowed. Therefore parents will not be able to vote on behalf of their children (however they may accompany their child to the meeting).
- ⊗ Members must cast their vote themselves or sign their vote over to their club. Club presidents will be sent a proxy form listing all club members by the end of September. If you would like your club to vote on your behalf, you will have to make arrangements to sign the form.
- ⊗ In clubs where the President is not an ABA member or is not able to attend the meeting, the club can sign its proxy votes to a member of the club who is.

Please contact the ABA office at 427-6352 or toll-free at 1-877-646-BIKE for further information or clarification.

## Bike throws beat the photo finish - or not

In these extracts from the photo finish records of the Airdrie International, we see a young rider practicing a textbook finish-line bike throw in warmups in the upper picture.

In the lower picture, James Brown (Airdrie BMX) keeps his cool next to a flying Nick Goertzen (BC) for the win in Junior Men

*Go medium – the middle-aged freerider's credo -  
 Doug Gleddie (Edmonton Mountain Bike Alliance)*

Congrats to Edmonton Bicycle and Touring Club and its President ABA Board Member-at-Large Alan Schietzsch on attracting 393 riders to the Tour de l'Alberta on a very hot Sunday July 23. Some riders on the 100 mile and 100 km rides used the Floyd Landis Overhead Watering (FLOW) method of hydration. Cycling supporter Nick Lees of the *Edmonton Journal* used six imported Barley-Enhanced Electrolyte Replacement (BEER) drinks to rebalance his electrolytes post-ride.

Congrats to Calgary's Greg Kolodziejzyk for setting a new 24-hour Human-Powered Vehicle (HPV) record of 650.15 miles (1046.9 km). Greg also set a mega-meter (1000km) record of 23 hours; 24 minutes. The streamliner Greg spent his day in while lapping Eureka CA's Redwood Acres Raceway was equipped with food, water, music and waste disposal bags. Take that, randonneurs. Scope <http://www.adventuresofgreg.com/HPVMain.html>

Congrats to Nancy Burden (Juventus) on winning her age group in the World Triathlon Championships in Lausanne Switzerland.

Andre Sutton (Hardcore Cycling) - 2<sup>nd</sup> Men 35 - 39 1:39:59 (+04:10)

Brian Cooke (Café Racers) - 8<sup>th</sup> Men 35 - 39 1:46:20 (+10:31)

Phil McDonald (Calgary Cycle) - 16<sup>th</sup> Men 35 - 39 2:02:35 (+26:46)

Peter Lawrence (Team H&R Block) - 5<sup>th</sup> Men 45 - 49 1:48:00 (+05:15)

Congrats to Rabbit Hill Ski Area for operating a Freeride Park at their site just SW of Edmonton. The venture was a great learning experience and broke even financially, so look forward to a bigger, better berm-bash next year. To keep traffic running well, the singletrack and DH trails are one-way. Scope <http://www.rabbihill.com/>

Further props to the peeps at the Edmonton Mountain Bike Alliance (EMBA). We've signed papers registering EMBA under the Alberta Societies Act, which ups our standing with the City of Edmonton bureaucrats. Truth is, many of them are on our side, writing reports, shuffling budget numbers and attending meetings in order to make a Skills-Based Mountain-Biking Park happen in E-town.

Yo! Extreme, I mean, Skills-Based riders! If you went to Rabbit Hill this season, let's hear your words on the action there. Even better, get into a back-and-forth over the ups and downs of riding there and at places like Calgary's Canada Olympic Park, Red Deer's MTB Park, Fernie BC, Whistler, Moab. Send me words and pix at [albertaspin@shaw.ca](mailto:albertaspin@shaw.ca)

Stay tuned for a display at United Cycle's Bike Expo in November. Work with me on this: [albertaspin@shaw.ca](mailto:albertaspin@shaw.ca)

Danelle Kabush (Timex) set a new Women's record at the Alberta Provincial Hill Climb Championships, held at Mt. Norquay, Banff. Kabush, riding amongst a strong women's field that included mountain bike stand-out Mical Dyck (Terrascope) and ultra-endurance specialist Marg Fedyna (ERTC/redbike), bettered her 2004 mark by nearly five seconds.

Nearly one-hundred riders, the maximum number allowed by Parks Canada, competed in the 28<sup>th</sup> edition of the race. The road up to the Mt. Norquay ski area, while not terribly steep, features several unrelenting switchbacks as it climbs over 300 metres above the town of Banff.

Most riders were undeterred by snow that plastered the surrounding Rocky Mountains with a resplendent blanket of white in the days leading up to the race. Fortunately, the road was dry for the race and the sun made an appearance, which led to several fast times. One other record also fell at the race: Kelsey Miller, of the host Cyclemeisters/Bow Cycle club, set a new mark in the Master Women A category. -*Andy Holmwood*

WUTWERX for running rings and ringing runs: Have a spare bell. While acting as lead cyclist for the ING Marathon (running, that is) in Edmonton, I used my bell to clear a path for the marathon leaders through the half-marathon runners on McKinnon Ravine Trail. So much so that I broke the clapper and was reduced to yelling.

# WUTTWERX

WUTTWERX for keeping things on track in class: Velocity CC's Roger Tetrault and Randy Murchison did tag team as they ran the Masters' Games Legacy Track racing course at Edmonton's Argyll Velodrome. Roger did most of the talking and oversaw things on the sidelines while Randy did most of the riding, providing the Official Good Example on the track.

WUTTWERX for keeping your 88s straight. And your 78, 81, 85... Randy Murchison (Velocity CC) has set up the club's fleet of shiny new Marinoni track bikes with the CCCC, the Colour Coded Cogs and Chainrings. He uses an artistic palette of green, yellow and red to indicate the number of teeth on the cogs and rings. In front, the colours indicate, respectively, 46, 47, and 48 teeth. On the back, they mean 16, 15 and 14 teeth. Beware the double red.

# RACE-DO

by (MML-SIT)

(MML-SIT) says: When you need a pickup, emulate enlightened and experienced trackies who walk clockwise around the velodrome when setting out or picking up the pursuit pads. This lets them see the oncoming traffic of cyclists riding in the traditional counter-clockwise direction.

(MML-SIT) seeks enlightenment: Why do so many races, on feet, wheels, hooves or paws, go around their track in a CCW (left turning) direction? A free copy of the *Alberta Spin* magazine to anyone who can figure this out.

(MML-SIT) reveals how to see the big picture: ABA Technical Director Andy Holmwood directs videographers using the ABA camcorder to record points race sprint finishes to shoot a second or two of the lap counter so we can see which lap a given sprint record is for, making it easier to answer questions about results.

United Cycle presents the Provincial XC

With so many racers at Alberta races this year, the results, reports and pictures don't fit on one page, so here's all the news that's print to fit...

## CABC Provincial Road Race Results p. 32

Alison Testroete (CMC/Bow Cycle) and Jesse James Collins (bicisport) are the newly crowned Elite Women's and Elite Men's Alberta Provincial Road Champions following Sunday's race near Bentley, in west-central Alberta. The race was contested on a tough, rolling course that forced selections in all categories. Testroete won a four-up sprint for her second consecutive title, while Collins also came to the line in a group of four.

The victory was particularly sweet for Collins, who has been a provincial standout for several years, but never before able to win the provincial road title. Other category winners included Tanya Salomon (TRS Racing - Women B), Erik Bakke (Deadgoat - Category 3), Graham Shrive (Pedalhead Roadworks - Category 4), and Michael Holowack (Calgary Cycle - Category 5). 174 riders competed in the event. -*Andy Holmwood*

Alberta Youth Road Championships

**GP bici Criterium  
Results p. 37**

Rescheduled from its original date in April, when wind, snow and rain prevented racing, the Grand Prix bici Criterium was held July 29 on a closed road circuit at Race City Speedway in Calgary.

The highlight of the day was the Category 1&2 race, which featured solid team strategy and aggressive riding. Team H&R Block sent two riders up the road early in the race but the peloton absorbed them after a few laps. Shortly after, a few other riders escaped the bunch, including Dutch stand-out Tim Heemskerk (United Cycle), who quickly dropped other attackers and built up a solo lead of over 30 seconds, and seemed destined to win solo.

An earnest chase, however, began late in the race as Heemskerk faded in the strong headwind of the long drag-strip finish straight. The chase split the peloton, with just six riders joining Heemskerk. Anthony Steenbergen (Team H&R Block) attacked with 1 km remaining and took advantage of the hesitation of the chasers to capture the win, while team-mate Jeff Bolstad took the sprint for second. - *Andy Holmwood*

The weather cleared just in time for the first race of the 2006 cyclo-cross season. There were some slick sections but that didn't keep a big field of 95 riders from showing up and showing off their new 'cross bikes.

The course was almost the same as last year's with a few changes to the barriers: a "natural" log that just happened to be near the base of the first uphill and not one but two sets of boards just past the base of a short run-up. No bunny-hops today.

The large fields in each race made for good competition as there was always someone to chase. There was drama even in the laughing group as riders used their relative strengths on flats, uphills and downhills. No one wanted to give up a place at the finish.

Sport Men had a number of close finishes as 33 riders sorted themselves into groups. Juventus' Spencer Smitheman owned Expert Men until a rolled tubular put him out. By that time Spencer's fast lap times had set the length of the race and the Experts got their money's worth. In Elite Women Mical Dyck (Terrascape) and Susan Copeland (Juventus) were pictures of concentration as the women spread out over the course. Their lap times also lengthened their race but all of the Women came through to the finish.

Provincial #1 Tim Heemsker (United) gradually pulled away from the Elite Men's race as a group of four riders including provincial #2 Nick Friesen (Pedalhead Roadworks) worked together to chase him for most of the race. With half a lap to go, the gloves came off and the hammer came down to split up the group.

**WUTTWCRK** if you don't think mudpacks keep you beautiful. Scope out and use the non-muddy line in a cyclo-cross run-up. This keeps your cleats cleaner, making for easier pedal-entry at the top.

LMD asks: Does the Hop'n'Hurl include a caber toss? Or does the "hurl" part relate to the wind coming off the nearby sewage treatment plant?

**News from the Recreation and Transportation Committee**

☉ Current members of the ABA Recreation and Transportation Committee include Natasha Kuzmak (Chair), Doug Clark, Don Hollingshead, Clem Feldmeyer, Jeff Gruttz, Shawn Wells, and Brian Zurek

☉ Jeff Gruttz has been appointed to the Alberta Recreation Corridors Coordinating Committee, a committee struck by Gary Mar, Minister of Government Affairs, to deal with recreation corridors around the province, linking communities. Jeff is one of two individuals on the committee representing non-motorized interests. Congratulations on this appointment, Jeff!

☉ The Committee continues to pursue several initiatives with Alberta Infrastructure and Transportation, including standards for transverse (across the width of the road) rumble strips, and a reduced residential speed limit (40 kmph) to create a safer, more bike-friendly urban environment. The Committee has also made contributions to the Alberta Driver's Handbook.

☉ Committee members are working on an Advocacy Handbook, which will detail Committee positions on a number of issues.

☉ CanBike, the CCA bicycle and education program, is undergoing a renaissance, with new materials and instructors coming on stream.

**Race Organizers** - The annual Race Organizers' Conference will occur in January, 2007, rather than the usual November date. The date change is primarily due to yearly difficulties encountered in trying to build a provincial calendar before a National calendar is set.

**Coaching News:** Look for the second-ever ABA Coaches' Conference in late January, 2007.
