EVENT DESCRIPTION

The Canmore Canada Cup consists of 4 days of racing:

1. UCI XCO #1 C1 Race – Wednesday June 12, 2024
2. UCI and AB Cup XCC C3 Race – Thursday Evening, June 13, 2024
3. UCI XCO #2 C1 Junior Series Race and AB Cup XCO – Saturday, June 15, 2024

New for 2024

- In 2024, the Canmore Canada Cup is going above what the UCI requires for prizing. Prize money for the C1 XCO #2 on June 15 will be as per HC requirements. Total Prize Purse is over \$30,000.
- Adaptive Bike categories will be included for the XCC, Super D, and Alberta Cup XCO. Given that this is a new category, it is considered more of a “Pilot Event” to gauge applicability and to determine requirements and potential sanctioning in the future. More details are provided later in the Tech Guide.

This event is hosted in partnership between Cycling Canada, the Alberta Bicycle Association, and the Alberta Nationals Mountain Bike Race Association. The races are taking place at the Canmore Nordic Centre which has purpose-built mountain bike trails and facilities designed to host racing events. The Canada Cup series is designed to provide competitive opportunities to the next generation of cyclists, transitioning from provincial race series to international competitions.

For ease of review of the Tech Guide, items in red generally refer to Cycling Canada events while blue refers to Alberta Cup related events.

About the Alberta Nationals Mountain Bike Race Association:

We are a committed group of mountain bike racing enthusiasts. We love the spirit of racing and competition and want to do all we can to facilitate an annual race in Canmore. We also believe that technical skills are important in the development of a mountain biker and will continue to provide one of the most challenging courses on the circuit, but also one of the most fun.

Part of the reason we organize a Canada Cup race is to give the youth of Alberta a chance to race in a National level event close to home. We continue to encourage youth to race mountain bikes and that is also a focus of our club. To that end, we will continue to help Alberta youth when financially possible.

About Cycling Canada

Cycling Canada is a National Sport Organization with one simple purpose: to share our love for cycling. No matter what gets you pedalling every day, we're here to provide support and help you turn each ride into an inspiring moment.

EVENT RULES/LICENSES

[UCI regulations](#) and [CC-specific regulations](#) will be enforced for all Canada Cup Categories. The [Alberta Bicycle Association \(ABA\) specific regulations](#) will be enforced for all other categories.

Adaptive Category

Included in the 2024 Canmore Canada Cup is a “pilot event” for adaptive riders. With the goal of starting the process to create a sanctioned category for adaptive cycling, the idea for 2024 is to create criteria for the category that will provide an understanding of the issues, as well as the pros and cons of the criteria. Based on the results and feedback in 2024, a conversation can begin on legitimizing the category.

So as not to “reinvent the wheel”, the existing UCI standards for E-Bike’s will be used. For the 2024 Canada Cup, the bikes used for the Adaptive Category must conform to UCI Cycling Regulations (Version as of January 1, 2024), Part 4 Mountain Bike, Chapter VIII E-Mountain Bike, Sections 4.8.001 and 4.8.005. There will be one category including all age groups. These regulations can be accessed from the “UCI regulations” tab above, in this section.

REGISTRATION

Canada Cup XCC & XCO Race

All riders competing in Canada Cup categories must have a valid UCI license. All participants attending from out-of-country must possess a valid UCI license from their country of residence. Holders of UCI international licenses that do not bear a photograph will be required to present an approved and valid government photo ID in addition to their UCI license. There will be no “One-Day” Licence issued for Canada Cup categories.

U17 and Junior riders must possess a UCI Racing License with the “Expert” ability designation, or the highest available designation in their issuing province/territory/country.

Alberta Cup XCC & XCO Race, including Adaptive Categories

All riders competing in the Alberta Cup categories must either have a valid UCI license or purchase a day license for the race. A maximum of 3 “day licenses” can be purchased by a racer in the year. After the 3rd day license, a full UCI license is required. A day license can be purchased for an additional \$20 per race.

Important Note Regarding Alberta Cup Categories and Prizing:

- The Alberta Bicycle Association uses registration criteria based on ability, rather than on age. The following provides guidance in determining the appropriate category for registration. In all categories, except Expert and Elite, the racer may or may not have a UCI License. If a day license is required (including the Adaptive Category), an additional \$20 will be charged on top of the registration fee for each race signed up for. (\$20 for 1 race; \$40 for 2 races; and \$60 for all 3)
- Prizing for all AB Cup categories will be for both men and women. In addition, separate podiums will occur for U11 and U13.

Notes:

1. Laps and Race Distances to be confirmed by the UCI Chief Commissaire. Details to be provided during the Team/Rider Meeting on June 11 for XCO #1 and June 13 for XCC and XCO #2.
2. The starting order for each race will be in chronological order as listed above. All XCC starts will occur at the same time.
3. For the XCO's, depending on registration numbers, some categories may be combined. Otherwise, there will be a 1 minute gap between starts for the XCO.
4. Total registration numbers may affect the format and times for XCC races. High numbers may result in increasing the course length, separating combined starts and adjusting a start time to a slightly later start, or other strategies. Low numbers may result in combining categories and altering of start times.

RIDER CALL UP

Rider call-ups will follow the order set forth by the UCI and Canada Cup Regulations. (See below.)

U17 (CC)

1. Top 16 of the current Canada Cup Ranking
2. Random order by plate number distributed

Junior (CC)

1. Top 16 of the current Canada Cup Ranking
2. Random order by plate number distributed

Junior (Junior Series)

1. As per the most recently published UCI XCO juniors individual ranking of the current season (or the final ranking of the previous season if no ranking has yet been published for the current season).
 - >> All riders with UCI points, regardless of how they have been registered or have met the entry criteria.
2. Unclassified riders by rotation:

The start order of the riders within the team must be confirmed by the teams during the rider's confirmation. The start order among the teams is determined as follows:

- First, national teams whose order is determined by the nations' classification of the concerned category from the most recent world championships.
- Second, unclassified national teams whose order is determined by drawing lots.
- Third, UCI Elite Mountain Bike teams whose order is determined by the most recent team ranking.
- Last, UCI Mountain Bike teams whose order is determined by the most recent team ranking.

The teams (in the order as mentioned above) are taken in turn with the teams' first riders starting in sequence, then the teams' second riders etc.

3. Unclassified riders team B of the national federation of the organizing country: drawing lots.

Junior (UCI)

1. All riders on the current UCI ranking
2. Top 16 of the current Canada Cup Ranking
3. Random order by plate number distributed

U23/Elite (W/F & M/H)

1. All riders on the current UCI ranking
2. All riders on the current Canada Cup Ranking
3. Random order by plate number distributed

VENUE & TRACK INFORMATION

Address	1988 Olympic Way, Canmore, AB
Directions	Canmore Nordic Centre - Google Maps

<https://www.albertaparks.ca/parks/kananaskis/canmore-nordic-centre-pp/>

The Canmore Nordic Centre Provincial Park is located within a 90-minute drive of Calgary's International Airport and is just a five-minute drive from Canmore. It offers a variety of recreational activities including cross country skiing, biking, hiking, disk golf and orienteering. Host site of the 1988 Olympic Winter Games Nordic events, the Canmore Nordic Centre continues to host regional, national and international events year-round.

The Canmore Nordic Centre is located in an area that is home to many species of wildlife including bears. **When recreating in bear country, your best strategy to avoid an encounter with a bear is to make lots of noise, stay in groups and be alert for signs of bears. In the rare case of an aggressive confrontation, bear spray is your best defense.**

The requirement to carry bear spray during the races will be dictated by Alberta Parks officials and will be disclosed at the Team Manager's meetings on June 11 and 13.

Kananaskis Conservation Passes

Alberta Forestry and Parks have instituted a new parking pass requirement for the Canmore Nordic Centre. Participants, volunteers, sponsors and staff for all events **must** purchase the KCPass **ONLINE** and

not in person for all events at the following link: <https://www.alberta.ca/kananaskis-conservation-pass>

Enforcement is done on a daily basis and it is quite certain that a ticket will be received for any vehicle that has not purchased a pass.

TEAM SPACE

Cycling Canada affiliated Trade Teams will have access to technical space.

All teams will have access to space, located in the middle of the stadium, to set up tents for a team area. Please contact Ron Sadesky (ronsadesky@gmail.com 403 609 0677) to reserve your team's space. There is no charge for this space, but prizing donations are greatly appreciated.
