

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

Overview

The purpose of this document is to provide a summary of the policies of the Alberta Bicycle Association (referred to as the “ABA” from herein) BMX Committee. The ABA BMX Committee reserves the right to change these policies.

The policies contained in this booklet are necessary in order to ensure a well documented, consistent approach to BMX competition in Alberta is maintained and will help to ensure that all participants are treated fairly and that the risk of injury resulting from participation is minimized.

These policies apply to all club, district and provincial BMX activities held in Alberta and to National or International level events where noted.

Race Rules and Regulations

All BMX races will follow the UCI/CCC rules and regulations, except as modified by this document.

Any modifications made by the ABA to the CCC regulations will be used at provincial, district and club races. Such provincial modifications do not apply at National or International races.

While the UCI reserves the right to modify the regulations at any time during the year, the ABA will use the UCI regulations published as of January 1 of the current year for the entire calendar season for provincial and district races. The national modifications to the UCI regulations released by the CCC will be used for the entire current season as well.

1. Membership/Licensing Policies

Persons riding or racing on a BMX track must be licensed by a Cycling Canada (referred to as the “CCC” from herein) or International Cycling Union (referred to as the “UCI” from herein) affiliated cycling association. This applies to national and international level races as well.

- 1.1. Only UCI/CCC licenses are recognized as accepted at BMX races in Alberta. Before being permitted to enter a race, every participant must present a valid, accurate race license at registration. This applies to National and International level races as well. Licensed members participating in a club race at their home track may be excused from this requirement after the first presentation, at the Track Operator’s Discretion (“TOD”). Alberta Bicycle Association General Membership holders are not permitted to register for Alberta Cup races.
- 1.2. At In the event that a rider forgets their licenses they will be warned for first occurrence and then fined \$10 for each subsequent occurrence. This service is not available at National and International BMX events.
- 1.3. Registration staff at any provincial BMX race must examine each rider’s license before allowing them to enter the race. No exceptions. The person examining the license should be either the provincial Technical Delegate or an appointed Commissaire. Registration staff must examine the licenses of all those racing at district and club races.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 1.4. A rider will be entered in the class listed on their license; in the event of an upgrade, the rider must return their license to the ABA office or track operator for replacement within 2 weeks of the upgrade. In the interim, a temporary copy of the rider's new license is accepted. Failure to return an out-of-date license following an upgrade may result in a \$50 fine and a suspension from racing for a period of time to be determined by the BMX Committee.
- 1.5. Should a rider receive the requisite number of wins to upgrade part-way through an event weekend comprising more than 1 race, that rider should make the ABA Technical Delegate and registration staff aware of the fact that they have received enough wins to upgrade. That rider will then be registered in his/her new class for the remainder of the event and from that point forward. Once the ABA has confirmed the upgrade riders must then return their license to the ABA or track operator for re-issue as described in 1.4.
- 1.6. The ABA Technical Delegate may sell licenses at Alberta BMX Cup races, provided that all paperwork is fully and correctly completed, full payment is submitted as are photocopies of proof of age for newly licensed riders; incomplete applications will be refused. Riders are required to license in advance of attending their first Alberta Cup race; this is a stop-gap measure intended to give new riders the opportunity to participate on short notice. Track Operators may sell licenses at district and club races provided all monies, waivers and proof-of-age documents are collected at the time of sale. These license applications must be forwarded to the ABA as soon as possible, as they are not valid at any other than the track of purchase until the ABA has fully processed the application.
- 1.7. . Riders whose license applications haven't been processed cannot enter a race at any track other than their own or at the Alberta Cup race where the license was purchased. License applications are not processed on Fridays.
- 1.8. Incomplete license applications received by the ABA won't be processed until all materials are received (full payment, completed application forms, original signatures on all waivers, and proof of age if required). Should a cheque be returned NSF, the license paid for with that cheque is invalid until such time as full payment plus any fees is received by the ABA.
- 1.9. General Membership holders are only permitted to race at District Races hosted by the Club through which they are affiliated. General Membership holders will not receive District Points at District Races and may not use wins toward an eventual upgrade in ability. Lastly, General Membership holders may only be classified in the Novice ability level at all District Races.

2. Race Personnel

At minimum, the following personnel are required to run any BMX race. At district races, a single person can do several of these jobs so long as their ability to perform each task is not hindered. For example, the Commissaire should not also be doing first aid.

- 2.1. **Race Organizer / Director:** The person responsible for hosting the race
- 2.2. **Commissaires:** A Commissaire must be present to serve as the 'Chief Commissaire' and should have at least 2 licensed Commissaires as assistants. The number of Commissaires required for an Alberta Cup will be decided by the Assistant Provincial Chief Commissaire for BMX.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

Stager: Stages Riders, at provincial events this person must be a Commissaire

Head Scorer: Scores the riders, at provincial events this person must be a Commissaire

Starter: Supervises the start of the race; can sometimes be the person who operates the gate as well. At Alberta Cup races, this person should be a Commissaire.

Corner Judges: People who observe the conduct of the race at the corners. These should be Commissaires at Alberta Cup races.

2.3. First Aid: At least 1 person trained in first aid must be present at a race or practice. For Alberta Cup races, at least 2 first aid attendants are required. Having an ambulance on site is recommended for Alberta Cup races.

2.4. Volunteers: To assist with scoring the races, registration and moto building

3. Commissaires

3.1. The ABA requires that all Commissaires obtain a license valid for the current year before working at any race or practice.

3.2. All Commissaires working at an Alberta Cup race will be appropriately dressed in the provincial uniform. Where possible the Commissaires at a district race must wear the approved provincial uniform.

3.3. A minimum of 3 licensed Commissaires must be present at all BMX races. For district races, these Commissaires may come from any track, including the host track. The ABA will not assign Commissaires to district races; it is the responsibility of the host track to recruit licensed Commissaires for each district or club race.

3.4. In order to work as a Commissaire, a person must first attend a Provincial BMX Commissaire course. Following that course, such officials will be designated as Provincial 'C' Commissaires. At the end of each season, the Assistant Provincial Chief Commissaire for BMX, ABA Staff & BMX Committee will review the performance of each Commissaire and upgrade them as is deemed appropriate. Upgraded Commissaires may achieve Provincial 'B' status, gained from working at Alberta Cup races or Provincial 'A' status, gained from having worked any 4 out of 6 college positions at Alberta Cup races. Provincial 'A' status Commissaires or National BMX Commissaires will generally be assigned as Chief Commissaire to Alberta Cup races, though Provincial 'B' Commissaires may be so assigned where necessary or appropriate.

3.5. ABA staff or the Assistant Provincial Chief Commissaire for BMX will assign Commissaires to Alberta Cup races.

3.6. The BMX committee will review the conduct of Commissaires as needed (usually based on the receipt of one or more written complaints and on the observations of the Technical Delegate at the race). If the committee finds that a Commissaire has acted inappropriately, the committee will have the right to not assign that Commissaire for a period of time that it will determine.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

4. Race Documentation

At minimum, the following documents must be posted for any race:

Emergency Action Plan: A document describing emergency procedures, phone numbers, location of nearest hospital, etc. This should be posted on all notice boards at the track.

Race Schedule: The document describing the conduct of the race including timing of registration, practice, racing and awards.

Moto Sheets: Posted once registration is complete.

Race Results: Posted when they are available.

5. Race Registration:

The following policies apply to race registration.

5.1. Registration must close when scheduled. Late registrations are not accepted.

5.2. There will be a \$20 per event fee charged at all Alberta Cup races for those riders who have licensed as an Independent.

5.3. Corrections to moto sheets and race numbers are the responsibility of the riders; those not reported within 30 minutes of moto sheets being posted won't be corrected.

5.4. At Alberta Cup races, pre-registration is available and encouraged. Organizers must have a pre-registration line for those who have pre-registered to show their license and sign-in.

5.5. At Alberta Cup races, registration must close 2 hours before the scheduled start of racing. Final moto sheets must be posted 1 hour before the scheduled start of racing.

6. General Racing Policies

6.1. **Ghost Riding.** Ghost riding is defined as any rider who completes race registration and sign-on, but fails to present themselves at **all** motos. Ghost riding is also defined as the act of having someone other than the actual license holder substitute and ride in place of the licensee. If a rider is caught deliberately ghost riding in any class, they will be issued a \$100 fine without question. This is at the discretion of the event's Chief Commissaire.

6.2. **Malicious Interference.** Interference is often a complex offence, given that BMX is a contact sport. The commissaires will determine whether it was malicious or not. If an infraction or interference can be avoided, and is caused, the officials may determine it as being malicious. Malicious interference between two or more riders will be penalized. Malicious will be defined as the intent to hurt or harm another rider.

6.3. **Interlocking pedal-cleat systems are allowed for all riders age 13 and older. For avoidance of doubt, riders aged 12 and under must use flat pedals with no interlocking pedal-cleat system**

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

6.4. Alcohol Consumption. The ABA has zero tolerance for alcohol consumption by athletes during any ABA sanctioned event

6.5. Open Class Racing. District Points will not be awarded at any Open Class race at the District or Provincial Level. Additionally, riders who achieve wins at any Open Class race will not be permitted to use those wins towards eventual upgrade in ability.

6.6. Parental Assistance. Riders aged 6 and under may receive parental assistance at the start gate provided the rider gains no forward momentum from such assistance. Assistance must be limited to use of legs only (no hands).

6.7. Junior Devo men will be expected to take the pro section if available and all Junior Devo riders can practice during the championship practice time.

6.8. Junior Devo racers must also race class at all Provincial Series races except for Canada Cup races held in conjunction with a Provincial Series race.

7. Provincial BMX Classes

These classes apply only at Alberta District and Alberta Cup Provincial races.

National Series races, Provincial & National Championships and UCI races use either the CCC classes or the UCI age-group classes.

20" Male Challenge Classes

(Novice, Intermediate & Expert)

- 5 Male
- 6 Male
- 7 Male
- 8 Male
- 9 Male
- 10 Male
- 11 Male
- 12 Male
- 13 Male
- 14 Male
- 15 Male
- 16 Male
- 17-24 Male
- 25-29 Male
- 30-34 Male (Novice & Expert only)
- 35-39 Male (Novice & Expert only)
- 40-44 male (Novice & expert only)

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 45+ Male (Novice & Expert only)

20" Female Challenge Classes*

(Novice & Expert)

- 5 Female
- 6 Female
- 7 Female
- 8 Female
- 9 Female
- 10 Female
- 11 Female
- 12 Female
- 13 Female
- 14 Female
- 15 Female
- 16 Female
- 17-24 Female
- 25+ Female

20" Championship Classes

- Junior Male
- Elite Male

Pro Women

- Master (30+)

Master Men

Male Cruiser Classes

- 9 and Under Male
- 10-12 Male
- 13-14 Male
- 15-16 Male
- 17-29 Male
- 30-34 Male
- 35-39 Male
- 40-44 male
- 45+ Male

Female Cruiser Classes

- 9 and Under Female

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 10-12 Female
- 13-14 Female
- 15-16 Female
- 17-29 Female
- 30-34 Female
- 35-39 Female
- 40-44 female
- 45+ Female

8. Moto Building and Class Combinations

- 8.1.** At least 3 riders in any class are needed to form a moto. If fewer than 3 riders are present in any given class, then those riders must be combined with a different class as defined below.
- 8.2.** For 20” classes, moto building always begins with the youngest female Novice Class then builds by order of increasing ability first and then age; starting each age category with the novice category. For male riders the process is the same however the intermediate category is added to the process. For Cruiser classes, moto building always begins with the youngest class present.
- 8.3.** At provincial and district races, classes will be combined according to the following system. The system used at national and international races may be different.

8.3.1. Combining Novice Female Classes.

Attempt each of the moves in the order described below until a class with at least 3 riders is formed.

- **Move 1:** Place the rider(s) in the Novice Female Class 1 year older
- **Move 2:** Place the rider(s) in the Expert Female Class of the same age
- **Move 3:** Place the rider(s) in the Expert Female Class 1 year older
- **Move 4:** Begin the process again with the rider(s) as an Expert Female Class of the same age.
- **Move 5:** Once all of the other Novice and Expert Female Classes are built, check and see if the rider(s) in question have been placed in a class of 3 or more. If they haven't, then put those riders age 13 and younger in the Novice Male class 1 year younger and those 14 and older in the Novice Male Class 2 years younger.

8.3.2. Combining Expert Female Classes.

Attempt each of the moves in the order described below until a class with at least 3 riders is formed.

- **Move 1:** Place the rider(s) in the Expert Female Class 1 year older
- **Move 2:** Place the rider(s) in the Expert Male Class 1 year younger
- **Move 3:** Place the rider(s) in the Novice Female Class 2 years older
- **Move 4:** Begin the process again with the rider(s) as Novice Female Class of the same age.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- **Move 5:** Once all of the other Expert Female Classes are built, check and see if the rider(s) in question have been placed in a class of 3 or more. If they haven't, then put those riders age 13 and younger in the Intermediate Male class 1 year younger and those 14 and older in the Intermediate Male class 2 years younger.

8.3.3. If there are few then three (3) females in a championship class, then they will be given the option of a refund or to race the Junior Male class (including all obstacles)

8.3.4. Combining Novice Male Classes.

Attempt each of the moves in the order described below until a class with at least 3 riders is formed.

- **Move 1:** Place the rider(s) in the Novice Male class 1 year older
- **Move 2:** Place the rider(s) in the Intermediate Male class of the same age
- **Move 3:** Place the rider(s) in the Intermediate Male class 1 year older
- **Move 4:** Begin the process again with the rider(s) in the Intermediate Male class of the same age.
- **Move 5:** Once all of the other Novice, Intermediate and Expert Male classes are built, check and see if the rider(s) in question have been placed in a class of 3 or more. If they haven't, use "Track Operator's Discretion" (T.O.D.) to make the most reasonable class you can.

8.3.5. Combining Intermediate Male Classes.

Attempt each of the moves in the order described below until a class with at least 3 riders is formed.

- **Move 1:** Place the rider(s) in the Intermediate Male class 1 year older
- **Move 2:** Place the rider(s) in the Expert Male class of the same age
- **Move 3:** Place the rider(s) in the Expert Male class 1 year older
- **Move 4:** Begin the process again with the rider(s) in the Expert Male class of the same age.
- **Move 5:** Once all the other Intermediate and Expert Male classes are built, check and see if the rider(s) in question have been placed in a class of 3 or more. If they haven't, use "Track Operator's Discretion" (T.O.D.) to make the most reasonable class you can.

8.3.6. Combining Expert Male Classes.

Attempt each of the moves in the order described below until a class with at least 3 riders is formed.

- **Move 1:** Place the rider(s) in the Expert Male class 1 year older
- **Move 2:** Place the rider(s) in the Intermediate Male class 1 year older
- **Move 3:** Place the rider(s) in the Intermediate Male class 2 years older
- **Move 4:** Begin the process again with the rider(s) in the Intermediate Male class 1 year older.
- **Move 5:** Once all of the other Expert Male classes are built, check and see if the rider(s) in question have been placed in a class of 3 or more. If they haven't, use "Track Operator's Discretion" (T.O.D.) to make the most reasonable class you can.

8.3.7. Combining Junior Male.

If there are fewer than 5 Junior Male riders, they are combined with the Elite Male class.

8.3.8. Combining Elite Male.

Elite Male will always be the last 20" class created. If after all Male moves there are not at least 3 riders in Elite Male, the Junior Male class will be combined with the Elite Male class.

8.3.9. Combining Cruiser Classes (U29).

If there are fewer than 3 riders in any such Cruiser class, then the following moves are used in the order listed to create a class.

- **Move 1:** Use "Track Operator's Discretion" (T.O.D.) to make the most reasonable class you can.
- **Move 2:** Place the rider(s) in the class in question in the next oldest Cruiser class. Should the class in question be the oldest age group of those 29 and younger, the riders move to the next youngest age group, if a younger class has not yet been combined with it.
- **Move 3:** Place the rider(s) in the class in question youngest possible Cruiser class that will form a moto of at least 3 riders. If more than 1 age grouping is spanned by this move, the riders in the older class must agree to allow the younger riders to join them.

8.3.10. Combining Cruiser Classes, (30 +).

If there are fewer than 3 riders in any such Cruiser class, then the following moves are used in the order listed to create a class.

- **Move 1:** Use "Track Operator's Discretion" (T.O.D.) to make the most reasonable class you can.
- **Move 2:** Place the rider(s) in question in the next oldest Cruiser class
- **Move 3:** Place the rider(s) in question in the next youngest Cruiser class
- **Move 4:** If a class still can't be formed, then all such rider(s) will have their race fees refunded and will not race that day.

8.3.11. Oldest Class of the Day

If the oldest class of the day is too small, the rider(s) will be moved down to the next youngest class within a 2-age group spread. If a class still cannot be formed, use "Track Operator's Discretion" (T.O.D.) to create the most reasonable class possible.

8.3.12. Track Operator's Discretion (T.O.D.): Class combinations made with Track Operator's Discretion are subject to the following provisions:

- **Provision 1:** Intermediate and Expert Male class can never be combined with a Novice Male Class.
- **Provision 2:** Championship classes can never be combined with Challenge classes.
- **Provision 3:** Though it is to be avoided if possible, a class with 2 people is permitted if no reasonable class with 3 or more people can be created.
- **Provision 4:** If a class can't be created, then the Track Operator can decide to cancel the race for the class in question and refund any such riders' race fees.

8.3.13. Combining the Junior Devo Classes

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

Attempt each of the moves in the order described below until a class with at least 3 riders is formed. Applies to both male and female Devo classes respectively

- **Move 1:** Place the rider(s) in the Junior Class of the same gender
- **Move 2:** If, after placing the Junior Devo rider(s) with the Junior riders a class is still not formed, then cancel Junior Devo class for the day and move Junior to Elite as per move up rules 9.3.3 and ~~9.3.9~~

9. Upgrade Policy

9.1. Mandatory Upgrades: A rider must upgrade to the next most difficult ability class whenever the following conditions occur:

9.1.1. Novice Male to Intermediate Male: 10 wins. A rider's wins will reset to 0 after an upgrade has been issued.

9.1.2. Novice Male to Expert Male: 15 wins. This will apply to 30-39 and 40+ Male 20" categories only.

9.1.3. Intermediate Male to Expert Male: 20 wins

9.1.4. Novice Female to Expert Female: 20 wins

9.2. Championship Upgrades: Those riders who are of the correct age and of Expert ability can elect to upgrade from Challenge to Championship class in either Junior (age 17 – 18) or Elite (age 19+) when registering for their license. Championship riders cannot switch to Challenge class for period of 1 year when the rider must write a letter to the BMX Committee stating the reasons why they should be allowed to return to Challenge status. All such riders will begin their Junior or Elite career with 0 Alberta BMX Cup points.

9.3. All riders who upgrade from Novice to Intermediate, Intermediate to Expert, Novice to Expert in the case of Female classes, Challenge to Championship and Junior to Elite may continue to use their awarded plate with the requirement of placing a zero ("0") in front of the first digit on the plate. They shall use this number until they achieve another valid awarded number.

9.4. When a rider accumulates enough wins to upgrade to the next skill level, it shall be that rider's responsibility to return their current license to the ABA or track operator for replacement. If the ABA office does not receive the rider's license within 2 weeks of this upgrade, the rider will not be permitted to register at any Alberta Cup BMX race following the expiry of the 2-week grace period until that rider returns their incorrect license for re-issue. Further, following the expiry of the grace period, such a rider who attempts to register at an Alberta Cup BMX Race or provincial championship with an incorrect license will be fined \$50.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 9.5.** When downgrading from Championship Class to Challenge Class, or in any ability level downgrade at the amateur level, a rider will lose all accumulated Provincial Series points earned at the higher level.
- 9.6.** When a rider upgrades from Novice to Intermediate or from Intermediate to Expert their District Points are transferred to their new ability class. For example, a Female rider with 300 Novice Points who upgrades to Expert will begin her Expert career with 300 Expert Points for the current season.
- 9.6.1.** District Points are not used to determine ability class upgrades; this is still done by tracking the number of wins earned by each Novice and Intermediate rider.
- 9.7. Age Group Upgrades:** Currently, the ABA respects the UCI regulations concerning Age-Group upgrades. As such, Age-Group upgrades are not permitted. As a result, upgrades to Junior (17 & 18) or Elite (19+) by those not old enough to be in those classes are not permitted.
- 9.8. Returning Licensees:** Any rider who has not purchased a license for a period of more than one year must return to the same ability class as stated on their last-known license. Championship riders are permitted to register in their respective “Expert” ability category if inactive for a period of more than one year.
- 9.9. Double Wins:** Any rider who earns a win at an event with higher rank than a District Race (i.e. Alberta Cup, Canada Cup, or National Championships), will be awarded double wins towards an upgrade in ability.

10. Race Plates and Race Numbers

- 10.1.** All riders must use a number plate that conforms to the CCC/UCI rules and regulations. The race number that a rider receives will depend on their standing (~~in order of priority~~) at the World Championship, Canadian Championship, and Provincial Championship ranking from the previous year. Each rider can select to run any of their earned plate or their UCI number ~~Each rider is required to use their provincially issued number, for the current calendar year, at all provincial, district and national races.~~ The ABA will also recognize plates for places 1 through “X”, achieved in the Alberta BMX Cup Series of the previous season. Such plates designated “1” through “X” are only valid at Alberta Provincial and District races. ~~Each rider can select to run any of their officially earned plates or their UCI number for the season~~
- 10.2.** If a rider moves into an age group that spans 2 years or more, they must place a “0” in front of their awarded number (Example, AB4 in 16 Expert moves to 17-24 Expert and becomes AB04).
- 10.3.** Riders who are General Members only and therefore do not have a UCI ID will use the last 3 digits of the date of birth. (Example a rider with a date of birth of Jan 01, 1901 would use 101)

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 10.4.** If riders are to stop using their awarded plate because of an upgrade, from that point on, they use the last 3 digits of their UCI ID (Example, a rider with the UCI ID 23119840515 will use number 515). This new number must be used until the rider achieves a new earned number.
- 10.5.** In any given class where there are two or more identical plates of equal priority, then a letter will be supplied to place over the number of the rider who is youngest on the day of competition. If the riders are the exact same age, they shall determine who gets the 'sticker' by flipping a coin.
- 10.6.** A rider who earns a plate at the Canadian National BMX Championship of the previous season will use that plate for the remainder of the competitive season of the following calendar year. Similarly, should a rider earn a plate at the World BMX Championship of the previous calendar year, they will use that plate for the remainder of the following competitive season

11. Protests and Appeals

- 11.1. Race Results:** Protests concerning the results of any first-round moto will be accepted for a period of 15 minutes following the results from that moto being posted. In any case, no protests will be accepted once the motos for any main or semi-main in that class have been posted. The results from any main or semi-main can only be appealed within 15 minutes of the main or semi-main being run. Once the Chief Commissaire has declared the results of any BMX event as final, no changes to those results will be made. It is the responsibility of participants or their parent / guardian to examine posted race results for accuracy.
- 11.2. Series Points:** Protests or appeals concerning either Alberta BMX Cup points or Alberta District Points will be accepted until 3 days prior to the Alberta BMX Cup Final. If an error has been made in the tabulation of points, it will be corrected. No changes to series points will be made for appeals concerning the results of individual races; all such appeals concerning race results will only be accepted as defined in item 9.1.
- 11.3. Final Series' Standings:** Appeals to the final series standings for both the Alberta BMX Cup and Alberta District Points will be accepted for a period of 15 days after the Alberta BMX Cup Final. If an error has been made in the tabulation of points, it will be corrected. No changes to series points will be made for appeals concerning the results of individual races; all such appeals concerning race results will only be accepted as defined in item 9.1. In the event that changes to the results of either series are made during this 15-day period, those affected by such changes are required to exchange any awarded plates or trophies as defined by the changes made to the series results.

12. Alberta Cup Provincial Racing

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

12.1. Calendar

12.1.1. Alberta BMX will determine the number and location of all Alberta Cup Races

12.2. Race Schedule

12.2.1. Once approved by the Technical Delegate or Chief Commissaire, the posted schedule will not be changed unless weather or some other circumstance beyond the control of the organizer. Any changes will be discussed between the organizer, Technical Delegate and Chief Commissaire and will be communicated on all notice boards and by the announcer.

12.2.2. For Alberta Cup races, the race schedule will include practice times for individual age classes.

12.2.3. At Alberta Cup races, race results for all pre-final motos will be posted for rider inspection before any main or semi-main moto sheets are posted.

12.2.4. For Alberta Cup races, all those classes with a main will have their 3rd round motos run before any intermission.

12.3. Race Results

12.3.1. For Alberta Cup races, the host track will send an electronic copy of the results to the ABA within 48 hours of the race. The Chief Commissaire will receive a copy of the results as well.

12.4. Race Software

12.4.1. In 2020 The Sqorz system will be used at all Alberta Cup races for moto building and results. At the district level BEM will continue to be used

12.5. Race Cancellation

12.5.1. Any Alberta Cup race may only be cancelled due to weather as the result of a decision made by the Chief Commissaire and race organizer on the day of the race. A make-up race may be offered if the ABA and organizer determine that it is practical to do so. If a make-up race is scheduled a rider can register for the make-up race if they were not registered in the cancelled race. If a rider has been upgraded between the cancelled race and the make-up race the rider must race in their upgraded category.

12.5.2. If the Grands are cancelled due to weather, the race will not be re-held. It will still count as a qualifier; there are no refunds and the best 4 Alberta Cup races count for the year end total.

12.5.3. The CCC policy on race fee refunds will be followed in this instance (50% of the race fees are refunded. This may be in the form of a credit for another race). If the event is cancelled after the scheduled racing officially begins, there will be no refunds

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

12.5.4. Other: The Alberta Bicycle Association BMX Committee may decide to cancel an Alberta Cup race up to and including the day before that race, if in the committee's opinion, the track or organization is determined unsuitable for some reason

12.6. Team Competition

12.6.1. A team competition will be offered at every Alberta Cup race. Teams participating must submit their team forms before registration closes. The team competition will be decided according to UCI team regulations. Each daily team entry must contain 4 different riders for that day (i.e. you cannot have one rider competing in two classes on the same team entry)

12.7. Prize Policy

The following prize policy applies to all Alberta Cup BMX races and to Alberta Provincial BMX Championships where noted.

For Alberta Cup races, at minimum, some symbolic award must be made to the top 3 riders in each class. Junior and Elite classes will be paid according to the following table:

Elite payout is purse plus 100%
Junior payout is purse plus 100%
Masters are 100% payout (NO money ADDED)
Junior Devo Payout is 100% payout (NO money ADDED)

All money classes get paid out at the pre-registration rate.

Purse Breakdown:

- 50% Elite classes
- 25% Junior classes

The purse is then split between male and female by rider % to a minimum of 20%

Example:

Alberta BMX adds \$500 to purse and host track adds \$500

Total purse = \$1000

50% - Elite classes = \$500

25% - Junior classes = \$250

Then the money is divided into males and females by % of riders to a minimum of 20%.

Example:

10 Total Elite riders

7 Elite males = 70% of \$500 = \$350 added

3 Elite females = 30% of \$500 = \$150 added

12.7.1. Payout of combined classes

If a championship class is combined, all the riders will receive the payout of the combined class. They receive payout as they position in the combined class.

Example:

2 Junior men and 4 Elite men combine to a 6 rider Elite men's class. Therefore, ALL the junior payout will go to the Junior female class.

In the event that there is no class for Junior or Elite cruiser the payout percentage for that class(es) will be added to the Elite class.

Example:

There is no Elite cruiser class so there will be 65% Elite classes – 35% Junior classes purse distribution.

- In the event that Junior Devo is combined with Junior Championship, the final results will be separated into the respective classes for payout purposes. The Junior Championship class will be paid at Purse + 100% in the order they finished in their respective class.
- Junior Devo will be paid 100% payback (NO money added) in the order they finished in their respective class. If there is a main, ALL riders not making the main will not be paid.

12.7.2. The organizer shall publish a prize list in advance of the event and post it both on their website and in the registration area of the event.

12.7.3. The organizer of provincial BMX championships provides number plates for 1st through 8th place in each class. Such plates will comply with the color codes required by the UCI/CCC rules and regulations.

The organizer of provincial championships must schedule a public plate presentation ceremony to be held immediately following the competition.

12.7.4. The organizer of an Alberta Cup BMX or provincial championship race have staff or volunteers in place to allow participants to pick up their awards within 15 minutes of the final results being available for each class

12.7.5. Mandatory Mains (Championship Class only)

If there are 8 or less riders, the rider with the highest points will be dropped and a main event will be run. Riders not qualifying for the mains will not be eligible for any prize money. If there are only 3 riders, riders will race for lane choice and all 3 riders will compete in a main.

12.8. Invalid Results Marks (IRMs) (As per UCI 6.1.034)

Different types of Invalid Results Marks (IRMs) are defined as follows:

- a. Did Not Finish (DNF): A rider who starts, but for some reason, or in some way does not complete a heat or a run as pronounced by the commissaires panel, will be recorded as "Did Not Finish" and will receive a score equal to the number of riders who started the heat. This rider will be eligible to transfer to the next phase or round of the competition. This will be noted with the abbreviation DNF.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- b. Relegation (REL): A rider who starts but has been relegated by the commissaires' panel will be recorded as "Relegated" and will receive a score equal to the number of riders who started the heat plus 2. This rider will be eligible to transfer to the next phase or round of the competition. This will be noted with the abbreviation REL.
- c. Did Not Start (DNS): A rider who fails to start in a heat, regardless of the reason, will be scored as "Did Not Start". For the purpose of determining his transfer eligibility, such a rider will be awarded 2 more points than the number of riders on the start list for that heat. This will be noted with the abbreviation DNS. The rider will be ineligible to transfer from the Motos to the next Phase of the BMX Race if he is scored as "Did Not Start" two or more times.

In case of a situation where one or more riders are to be scored with an IRM, the president of the commissaires panel or the official designated by him must announce the IRMs to the timing operator as soon as possible. The decision of the president of the commissaires panel concerning the application of any IRM is final and is not open to appeal

12.8.1 Two or more DNS indicating an ineligible transfer as in 12.8.c will receive zero points and no credit for the race

12.8.2 Racers may not register for a race if they are injured and do not plan to race. If because of an injury a rider is unable to compete they may not register for a race.

12.9. Alberta Bicycle Association Technical Delegate

12.9.1. For all Alberta Cup BMX Races and Alberta Provincial BMX Championships, the Alberta Bicycle Association will provide a Technical Delegate to perform the following duties:

- Check the licenses of all participants and serve as the final authority on the class in which a participant may register or even whether they may register at all. This may be delegated to one or more Commissaires working at the event with the Technical Delegate as the final authority on any licensing or registration issues that may arise.
- Either warn or issue a \$10 Fine to all ABA members who are unable to produce their license at race registration, but whose membership can be verified with the ABA membership database.
- Assist the Commissaires as needed during competition or serve as a Commissaire if necessary.
- In the case of Provincial BMX Championships, assist the organizer in awarding the provincial championship plates.
- Receive any written complaints from participants concerning the technical aspects or requirements of the event, conduct of Commissaires or for review by the BMX

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

committee.

- Contact the organizer in the weeks leading up to the race to ensure that the organizer is aware of and prepared to follow all current Alberta Bicycle Association BMX race policies.

12.10. Minimum Track Standards

12.10.1. It is recommended that all BMX tracks hosting Alberta Cup races comply or strive to comply as closely as possible with the UCI track dimensions and regulations, particularly those with respect to safety requirements, such as fencing. Also, the gate and start light system must be UCI compliant.

12.10.2. The track should have adequate parking, washroom facilities and spectator seating for a race with up to 500 participants (for tracks hosting Alberta Cup races).

12.10.3. All tracks hosting an Alberta Cup race must have the track inspected for suitability prior to the race. An ABA designated track inspector(s) will inspect the track and facilities 4 to 6 weeks prior to the Alberta Cup race. Alberta Cup race organizers are bound to make any changes recommended by the inspector(s). Aside from normal maintenance, any changes that alter the nature of the track between the inspection date and the event must be re-inspected and approved. The purpose of this is to produce a consistent Alberta Cup race experience that minimizes the risk involved in participating.

12.10.4. The ABA reserves the right to cancel an Alberta Cup race should the recommendations of the ABA-designated inspector(s) not be followed or should an unapproved change to the track be made between the inspection and event.

12.11. Alberta BMX Cup Points System

Recognizing that maintaining the points for a large Alberta Cup race can be a complicated and time-consuming process, the ABA will make every effort to publish updated points standings on its web site within 2 weeks of each Alberta Cup Race. A final point spread will be published on the ABA website within 7 days of the Alberta Cup Final. The points system will be referred to as the “Alberta BMX Cup”. The Alberta BMX Cup provincial points system works as follows.

12.11.1. Points Table: Alberta Cup BMX Points will be awarded according to the following process and table:

RANK	NOVICE MALE	INT. MALE & NOVICE FEMALE	EXPERT	JUNIOR/ELITE/MASTER MEN	CRUISER
1 st	100	200	300	700	100
2 nd	80	180	280	680	80
3 rd	70	170	270	660	70
4 th	60	160	260	650	60

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

5 th	50	150	250	640	50
6 th	40	140	240	630	40
7 th	30	130	230	620	30
8 th	20	120	220	610	20
9 th or lower	10	110	210	550	10

12.11.2. Number of Races: To qualify for the Alberta Cup Final (Grands) a rider must participate in at least 4 Alberta Cup Races. To determine the overall series standings, the best 4 of 8 results will be used plus the result achieved at the Alberta Cup Final. To receive a series placing, attendance at the Alberta Cup Final is mandatory

12.11.3. Wrong class Registration: If a rider races in the wrong class (i.e. races Expert when they should have been Intermediate) and places in the top 8, he/she will be disqualified from that day's competition and his/her points from that race will be stripped. The rider in question will not be credited for completing the race and will not be able to use that race to qualify in the series.

12.11.4. Scale of Races: All races in the series are single point races.

12.11.5. Series Awards: Once the Alberta Cup Final is complete "P" plates will be awarded to all riders qualified in each age/ability category. Award plates will be awarded from 1 to "X" where "X" represents all riders that qualify for awards in the series in their age/ability group. Trophies may be awarded as determined by Alberta BMX.

12.11.6. Upgrades: Alberta Cup Points are not used to determine ability class upgrades; this is still done by tracking the number of wins earned by each Novice and Intermediate rider. When a rider upgrades to Intermediate or Expert, their Novice or Intermediate points are transferred to their new class.

12.11.7. Class Combinations: In the case of combined classes (due to small numbers) the point's structure will work as follows. This is the same for both combined ability and combined age: The riders will receive points from the table corresponding to the class they are registered in. The combined rider(s) will take those points to their class as they WOULD HAVE PLACED for THEIR ability. The awards of the day are still awarded as placed for that race.

Examples:

- There is only one 8 Novice Male so he moves to the 8 Intermediate Male class for that race. He takes second place. He receives a second-place award for that race and FIRST place NOVICE points towards his class SERIES ranking (which would be 8 Novice Male in this example)
- There is only one 7 Expert Female so she moves to the 8 Expert Female class for that race. She takes third place. She receives a third-place award for that race and FIRST place Expert points towards her class SERIES ranking (which would be 7 Expert

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

Female in this example)

- 12.11.8. Mains and qualifiers:** In categories where there are mains and qualifiers, riders then get lane choice based on their qualifier and moto finishes. Lane choice will be selected by the riders in staging. Ties for lane choice will be decided by the rider with the higher ranked plate, then by coin toss.
- 12.11.9. Nine rider category.** In the event of any 9-rider category, the final will then be 7 riders, not the usual 8. The 8th and 9th place riders will both receive 9th place points.
- 12.11.10. FinishLynx Camera results and protests.** For races when the FinishLynx camera is in use at the finish line, a charge of \$20 cash will be issued for protests. If the rider's protest is correct, they will be refunded. If the FinishLynx camera is not in use there is not a charge to protest.
- 12.11.11. Ties:** Any tie on points for the series is first resolved by use of the Countback Method (for example: Rider with the most 1st place finishes in the series is awarded higher rank, should both riders have the same number of 1st place finishes, rider with the most 2nd place finishes will be awarded higher rank, and so on...). Should a tie still exist, it is resolved based upon the better overall finish at the Alberta Cup Final.
- 12.11.12. Alberta Cup/Canada Cup combined weekend.** In the event of a combined Alberta Cup/Canada Cup event weekend, there will be no duplicate Elite & Junior Elite classes. Provincial Series points will be awarded to top riders regardless of home Province.
- 12.11.13. Out of Province Racers.** Out of province racers may compete and earn provincial series points. Out of province riders are eligible to earn P plates for the series.

13. Alberta District Racing

- 13.1. Districts:** All tracks affiliated with the Alberta Bicycle Association are considered to be within the same district except when identifying top riders. All affiliated tracks will be separated into one of the four below districts for the purpose of identifying top male and top female district riders provincially.
- District One: Includes Lethbridge BMX, Medicine Hat BMX
 - District Two: Includes Okotoks BMX, Cochrane BMX, Calgary BMX & Airdrie BMX
 - District Three: Includes Red Deer BMX
 - District Four: Includes Stony Plain BMX, Edmonton BMX & St. Albert BMX
- 13.2. Number of Races:** There is no minimum or maximum number of races; each track may hold as many races per week as its goals and resources allow. If a race is cancelled however, a make-up race **must** be advertised at least two weeks in advance.
- 13.3. Season:** The season where District Points are accumulated extends from January 1st, to December 31st.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 13.4. District Race Cancellation:** A track cancelling a district race must hold a make-up race; other tracks in the district need to be informed about the make-up date 2 weeks in advance.
- 13.5. Scale of Races:** All races are single point races, except for Alberta Cup races, where double points are awarded. Provincial Championships, UCI Points Races and National Championships do not award District Points.
- 13.6. Race Categories:** Categories will be class and Open. Open will be 12 and under Male, 12 and Under Female, 13 and Over Male and 13 and Over Female, open to all racers regardless of class.
- 13.7. Expert Females:** Expert female racers may choose to race male **expert or intermediate** in the same age group. **The category raced in will be a TOD.** Racers must register as per the class on their license and then can be moved by the Track Operator. If no class exists then the racer will race in their own class.
- 13.8. Expert Males:** Expert racers may race up by one or two age groups Racers must register as per the class on their license and then can be moved by the Track Operator. If no class exists then the racer will race in their own class.

13.9. Responsibility of Track Operators

13.9.1. Results Submission: Track Operators should return race results to the Alberta Bicycle Association by completing and e-mailing the appropriate BEM “.csv” document to the ABA. As tracking District Points accurately is a time-consuming process, results returned to the office in any other format won't be considered, nor will the ABA actively solicit results from Track Operators. Tracks that submit results more than 7 days following the race in question will be fined \$50 per incident.

13.9.2. Race Software: Track Operators may use the software of their choice for District Racing. It is strongly recommended that BEM or some other software package be used.

13.10. Points

District Points will be awarded according to the following process and table:

RANK	NOVICE	INTERMEDIATE	EXPERT/CRUISER	Open
1 st	50	100	150	150
2 nd	40	80	130	130
3 rd	35	70	110	110
4 th	30	60	90	90
5 th	25	50	70	70

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

6 th	20	40	60	60
7 th	15	30	50	50
8 th	10	20	40	40

13.10.1. Double Points: Any Alberta Bicycle Association affiliated track may decide to host double-points races to make up for lost races. Double-points races will only be permitted in circumstances where races have been missed due to uncontrollable circumstances (i.e. bad weather). Before hosting a double-points race, the track must first obtain permission from the Alberta Bicycle Association. Permission must be obtained at least two weeks prior to the desired race date(s). The track must also give at least two weeks notice to all ABA affiliated tracks.

13.10.2. All Alberta Cup racers are double point races

13.10.2..1. Riders competing in district double-points races will not be awarded double wins.

13.10.3. Points for Alberta Cup Races: Participants in all Alberta Cup races will receive double the number of points corresponding to their final rank at the event. For example, an Expert Boy finishing in 2nd overall at an Alberta Cup race would receive 260 Expert Points for that race.

13.10.4. Class Combinations: In cases where one or more classes are combined due to low attendance, points are given to each rider according to the class in which they race. Example: An Intermediate boy finishing in 3rd place overall when racing with Expert boys will receive 110 Expert points for that race.

13.11. Series Awards: The top Male and top Female rider from each of the four districts outlined in 14.2 will receive District Awards. District Awards are determined by the final ranking in the year-end District Points tally. Only Challenge Class riders are eligible for District Award prizing and consideration. A rider's home district will correspond to the Affiliated Club as listed on his/her UCI Racing License.

14. The Alberta Provincial BMX Championship Race

14.1. The Alberta Provincial BMX Championship shall be a 1-day race, held annually. The Alberta Provincial BMX Championship will feature only age-group racing; no ability classes for either male or female riders will be used. All riders will register in the age group corresponding to their UCI Age.

ALBERTA BICYCLE ASSOCIATION – PROVINCIAL BMX RACING REGULATIONS

- 14.2.** The 1st place 20" Elite Male and Elite Female will be awarded a Provincial Champion Jersey, which they are encouraged to wear in their 20" class at Alberta Cup BMX races until the date of the next Alberta Provincial BMX Championship. Sponsor advertising can be added to this jersey as defined by the advertising regulations concerning "National BMX Champions' Jerseys" as found in the UCI Rulebook.
- 14.3.** Number plates 'AB1' through 'AB8' will be awarded to those Alberta-licensed riders placing in the top 8 in each age group for both 20" and Cruiser. Also, a medal will be awarded to the top 3 riders in each age group for both 20" and Cruiser.
- 14.4.** If the Provincial Championship is cancelled due to weather, it will then be moved to the following Saturday at the same track.
- 14.5.** Out-of-province riders may contest Provincial Championship races but are not eligible to claim any medal, jersey, or provincial title. Out-of-province riders may receive cash or merchandise prizes
- 14.6.** In a year, and only in a year, where Worlds *qualifications* are for a World Championships race within North America, the Provincial Championships will follow the age groups as determined by the UCI for the qualifying World Championships and will not follow the age groups as used for Provincial Cup or District racing.

15. Alberta Bicycle Association Amendments to the UCI Rules

- 15.1.** Amendment to UCI rule 6.1.055. In extenuating circumstances, a commissaire may permit a rider to race without a visor.
